Re: *Ex Parte Presentation* in WT Docket No. 06-150

Pursuant to Section 1.1206 of the Commission's rules, 47 C.F.R. § 1.1206, the Coalition for 4G in America hereby submits this letter summarizing an *ex parte* presentation from yesterday in the above-referenced docket.

Susan Eid of DirecTV, Andrew Rein of Access Spectrum, and Linda Kinney and the undersigned of EchoStar, met with Michelle Connolly and Evan Kwerel of the Office of Strategic Planning and Policy Analysis to discuss the 700 MHz auction rules, and the need to facilitate new entrants. The conversation included an overview of the principles that unite the Coalition for 4G in America and focused on the appropriate number of package bidding options to incorporate into the auction rules, the need to ensure the 700 MHz band allows for multiple different network operator business models, and the need for build-out requirements that do not inadvertently frustrate the ability of new entrants to participate in the auction. The substance of the meeting is consistent with the Coalition's filings in this docket.

Respectfully submitted,

/s/ Bradley K. Gillen
